# Forest

This series was inspired by the most colourful time in nature. Bright green, warm brown, alluring red and ripe purple, combined by quiet grey – all this adds flourish to the time of the year when the leaving summer welcomes the coming autumn. The FOREST-series enables to enjoy this enchanting spectacle of colours regardless of the season. The products of the series include climbing nets, balance tracks, walls and ladders of different complexity as well as playhouses, exciting play centres and slides offering both shelter and activity. Colourful details attract attention, yards and squares will get a fresh and modern effect.

All **FOREST SERIES** products are available in 2 different material versions.
